Dear Colleagues and Friends,

Welcome to the **WPA 2013 Bucharest Congress**, a WPA Regional event on *Primary Care, Mental Health and Public Health Integration: The Catalytic Role of Information and Communication Technology (ICT)* for Southeast Europe and Eurasia. This innovative scientific program will take place at the Palace of Parliament in Bucharest, ROMANIA, on April 10 - 13, 2013.

This first WPA Congress in ROMANIA, is a joint initiative of the World Psychiatric Association in collaboration with the Romanian Association of Psychiatry and Psychotherapy, the National Society of Family Medicine and the Romanian Public Health and Health Management Association.

The WPA 2013 Bucharest Congress' goals and objectives are as follows:

- identify local, national and regional mental health, primary care & public health challenges and opportunities
- define the benefits of primary care, mental health & public health integration for individuals' and populations' health
- compare evidence of best practices & lessons learned
- stimulate educational, research, services, and policy collaborations at national and regional levels and across the life cycle
- strengthen health systems performance and enhance individuals' and populations' health

The Congress will be organized in plenary sessions, symposia, workshops, fora, oral presentations and posters. The scientific discourse will range from the latest genomics and neurosciences discoveries to health systems' performance, to non-communicable diseases, ICT, telemedicine, integrated care and more. There will also be a WPA Organizational Forum and a first, WPA Intersectional Forum, on 21st Century Medical Education: Psychiatry's Role.

With best wishes,

Prof. Pedro Ruiz, Congress President

Prof. Dinesh Bhugra, Co-chair Scientific Committee

Prof. Eliot Sorel, Co-chair Scientific Committee

Prof. Tarek Okasha, Co-chair Organizing Committee

BRIEF DESCRIPTION OF WPA

The WPA is an association of national psychiatric societies aimed to increase knowledge and skills necessary for work in the field of mental health and the care for the mentally ill. Its member societies are presently 135, spanning 117 different countries and representing more than 200,000 psychiatrists.

The WPA organizes the World Congress of Psychiatry every three years. It also organizes international and regional congresses and meetings, and thematic conferences. It has 65 scientific sections, aimed to disseminate information and promote collaborative work in specific domains of psychiatry. It has produced several educational programmes and series of books. It has developed ethical guidelines for psychiatric practice, including the Madrid Declaration (1996).

The core aims of WPA include the following:

- To encourage the highest possible standards of clinical practice
- To increase knowledge and skills about mental disorders and how they can be prevented and treated
- To promote mental health
- To promote the highest possible ethical standards in psychiatric work
- To disseminate knowledge about evidence-based therapy and values based practice
- To be a voice for the dignity and human rights of the patients and their families and to uphold the rights of psychiatrists
- To facilitate communication and assistance especially to societies who are isolated or whose members work in impoverished circumstances

Mission

To promote the advancement of psychiatry and mental health for all peoples of the world.

21st Century Medical Education: Psychiatry's Role FORUM

the 1990s, the number of people in the UK who are aged 65 and over has increased from 10.5 million to 13.5 million, and the number of people aged 75 and over has increased from 4.5 million to 6.5 million (Office for National Statistics 2000).

There is a growing awareness of the need to address the needs of older people, and the UK Government has set out a strategy for the 21st century (Department of Health 2001). The strategy is based on the following principles: (1) to improve the health and well-being of older people; (2) to support older people to live independently; (3) to improve the quality of care and services for older people; and (4) to improve the way in which services are funded and delivered.

Testimonials

Today, I discovered the beauty of Romania. This is an outstanding Congress and I will remember with joy for the rest of my life. Cordially, Pedro Ruiz, USA

Congratulations team! Very well done for a very successful congress; your hospitality which was very kind and extremely generous, your collegiality and entertainment: It has been an impressive event! Dinesh Bhugra, UK

*It is a great honor and privilege to be here in Romania for the first time at this phenomenal meeting organized by Prof. Sorel. I hope to return soon.
Charles Nemeroff, USA*

Thank you for this exceptionally experience and opportunity to be your guest in this splendid country. Igor Svaab, Slovenia

It has been a great pleasure and honour to be in Bucharest , to participate in this wonderfully organized congress and to be with you beautiful people. Love you all! Levent Kuey, Turkey

Congratulations on a very sucesuful and memorable WPA Regional Congress in Romania where we had the chance to meet beutifull friends and more importantly, made new friends. I look forward to go back to Romania. Tarek Okasha, Egypt

An honor and pleasure to attend this marvelous Congress whose whole purpose shall initiate an integration and collaboration of mental health, medicine and the community of Eastern Europe and hopefully with a spirit extending throughout the world. My profound congratulations to my dear colleague Prof. Eliot Sorel. Cordially, Barton Jerome Blinder, USA

This was one of the best events in my 25 years of traveling to psychiatric conferences. The detailed arrangements, the hospitality and professionalism can rival with any event around the world. For me, it also showed a side of Romania that has developed since I left this country over 30 years ago. Multumesc mult pentru tot! Andrei Novac, USA

The very best Congress I have attended. Romania is a beautiful country and the people are so nice. Very much enjoyed the Congress and wonderful ambiance. Many thanks for a wonderful experience. Keneth Busch, USA

Great organization, Eliot, from every single point of you. And you know that, me too, I love Romania! Driss Moussaoui, Morocco

My very first academic conference - a very enjoyable experience! Thank you for your Romanian hospitality. □ Julia Robson, UK

What an exciting and memorable meeting! Well attended and very well organized. We will never forget the hospitality and love and affection shown by the local host. Let us hope we will get another chance to come back. Afzal Javed, Pakistan

I love these people and the beautiful city. Edgar Belfort, Venezuela

Congratulations to the WPA 2013 Bucharest Congress. □ This has been, without doubt, the most wholistic, delightful, informative and fun-filled gathering of a professional community that I have experienced. Bravo! Constance Dunlap, USA

Congratulations and many thanks for lots of unforgettable memoires. Michaela Amering, Austria

It was so special and it's a beginning! Thank you! Rodica Tănăsescu, Romania

Today is so special. I had 3 presentations in the morning and came to restaurant with so much of authenticity, a familiar music from childhood. It really is special winnig friends – new and old. All have very good time. Thank you Mona Thapa, USA

It has been a great time for me in Bucharest. I have really enjoyed my stay here. The WPA 2013 Bucharest Congress was fantastic and the food here today is awesome. Rajeev Sharma, USA

By far this has been an amazing Congress! The sessions were very informative and I was pleased to meet many of my colleagues from across the world. I will be sure to stay involved in the WPA and tell other trainees about my experience! Phillip Murray, USA

Thank you so much for everything. I had the time of my life and it was an amazing opportunity that open so many doors. I love Romania! □ Veronica Slootsky, USA

Amazing time in Romania, Bucharest! WPA 2013 Bucharest Congress has been an excellent event. I was pleased to meet psychiatrists from other parts of the world and learned about mental health challenges they all face every day. Urooj Saeed, USA

Team! Wish you always speak this word, it's a sense of belonging. I am gratefull for the Cosmos, who lost me to find myself...back...in the passionate path of healing and beneficiency. I hope today is the beginning of a new adventure. Thanks Dr. Sorel, mentor, buen maestro....Magnificent is the adjective for this experience. For more to come. Con mucho amor, su alumna, Milangel Thaymee, USA

Dr. Vincenzo Di Nicola
CLM Mentor
The Cosmos Club
Washington DC, 25 April 2013

Eliot Sorel, MD

Letters to a Young Therapist, was the catalytic topic of Dr. Vincenzo Di Nicola's dialog with a spirited CLM group, at the Cosmos Club, last evening. It was at the Club that the idea of our CLM was initiated in September 2005 when we convened the first DC wide PGY I & II meeting.

The selected topic was catalytic to a robust, revealing and riveting series of exchanges between a world renowned scholar, Dr. Di Nicola, and a stellar group of MITs, ECPs and other members of the WPS, inclusive of Dr. James Griffith, the Interim Chair of Psychiatry at the George Washington University School of Medicine.

Psychiatry, Medicine & Philosophy; the patient-physician dyad; professional ethics; science, medicine and psychiatry; economic factors and professionalism; research vs. clinical paradigm; the sciences and humanities, kindred spirits or polar opposites; reductionistic, systemic, systematic, integrative models; evolving models of science, medicine, humanities; paradigm shifts and new paradigms, were but a few of the passionately discussed topics.

The subject matter of the evening was preceded by a brief report by Doctors. Constance E. Dunlap, Veronica Slootsky and Milangel Concepcion of the CLM group who scientifically contributed to the success of the *WPA 2013 Bucharest Congress* at the Palace of Parliament in Bucharest, Romania, April 10-13, 2013. An immediate outcome from that Congress is a proposal being currently worked on to establish the *APA Caucus on Global Mental Health & Psychiatry*. Details will be shortly forthcoming to all interested.

We are most grateful to Dr. Vincenzo Di Nicola for his erudition, his intellectual brilliance and his generosity in sharing with us and our CLM group, his views, opinions and scholarly writings relevant to key priorities facing American and global psychiatry.

Our next CLM event will take place in June. Drs. Enrico Suardi, Hind Benjelloun and Carol Lynn Trippitelli will be our panelists addressing Family, Career, and Illness. Details will be forthcoming after the May APA annual meeting.

Dear Professor Sorel and the Washington, DC Team,

Chers collègues,

It was a real pleasure to meet some of you in Romania and more of you in Washington DC recently.

The WPA 2013 Bucharest Congress was a rare combination of cultural exchanges, psychiatric presentations and personal encounters.

The organization was superb, the atmosphere congenial and the scientific programme, ranging from Dilip Jeste, Charles Nemeroff to Norman Sartorius and from Health Systems' Performance Roundtables to our Symposium on Belonging, was stimulating and innovative.

Thank you for your warm reception at my Stokes Lecture at GWU and at the CLM Meeting at the Cosmos Club!

I want to express my gratitude and admiration especially to Prof. James Griffith and Prof. Eliot Sorel for inviting me and making all of this possible.

Now, I would like to reciprocate your warm welcome in Bucharest, Romania and Washington, DC.

As President-Elect of the APA District Branch for Quebec and Eastern Canada, I have the pleasure of announcing our Annual Psychiatric Conference to be held on Friday, October 25th, 2013 here in our beautiful, historic and elegant city of Montreal.

It is my privilege to choose the conference theme and I have chosen trauma as this year's topic.

Here is the conference title in both of Canada's official languages:

Trauma and Its Symptoms: Psychiatric Perspectives

*Du trauma à l'expression symptomatique: Perspectives
psychiatriques*

In the spirit of the CLM group in Washington, DC, I would like to invite all residents in psychiatry, early-career psychiatrists and their mentors in the DC area to join the members of the Washington Psychiatric Society and our APA DB to participate in our annual conference and visit us here in Montreal. We plan to invite both speakers from the USA and from Quebec for an exciting perspective on contemporary issues in psychiatric trauma.

Besides the conference programme during the day, I would like to convene a meeting among the residents, early-career psychiatrists and their mentors from the USA with your colleagues here in Quebec!

Please indicate your interests in joining us for this conference as well as for a special meeting combining social and scientific interests for a dinner event together here in Montreal.

With warm regards,

Chaleureusement,

Vincenzo Di Nicola, MPhil, MD, PhD, FRCP(C), FAPA
